## **Provider Alert – Mental Health and Substance Use Disorder Treatment Resources for Providers**

Our team recognizes the challenges our members face from physical health issues as well as behavioral health concerns.

As a participating MedStar Family Choice provider, please find helpful resources for how to refer members to Mental Health or Substance Use Disorder Treatment.

We hope this overview will help our provider network navigate how to access behavioral health treatment for our members.

For more information, please see our Provider Resources page on our website, under the header – Mental Health and Substance Use Resources for Providers:
